ABSTRACT

Data on enrollments in Kentucky's public and independent higher education institutions, including two-year colleges, business colleges, and seminaries, are presented in 47 tables. Data from fall 1994 enrollments are reported variously by headcount, student classification (year or degree or enrollment status), institution type, full-time-equivalency, black enrollment, residency status, total credit-hours, on-campus credit-hours, off-campus credit-hours, and degree field. In some tables, data are given for each institution; in others, data are reported by institution type. State-supported and independent institutions enrolled a total of 178,067 students in fall 1994. Of the 153,199 students in the state-supported system, 107,618 were at the eight universities and the remaining 45,581 attended the 14 community colleges. The undergraduate field in greatest demand at state-supported universities is health sciences with 11.1 percent followed by business at 10.6 percent and liberal arts with 9.2 percent. Education majors made up 7.0 percent of undergraduate enrollment and 28.8 percent of graduate enrollment. (JLS)

EXECUTIVE SUMMARY

This report is a summary of fall 1994 enrollments at Kentucky institutions of higher education. These institutions include state-supported universities and community colleges, independent four-year and two-year colleges and universities, and theological seminaries. Bible colleges licensed by the Council on Higher Education and submitting data to the Council are also included.

State-supported and independent institutions enrolled a total of 178,067 in fall 1994. Of the 153,199 students in the state-supported system, 107,618 were at the eight universities, and the remaining 45,581 attended the 14 community colleges. Independent institutions enrolled 24,214 students; 23,188 at the four-year institutions, and 1,026 at the two-year institutions. Reporting bible colleges enrolled 654 students. Details of these enrollments by institution and student level may be found in Reports 1 through 6.

The reporting theological seminaries enrolled a total of 2,792 students in fall 1994; Report 47 provides detail by institution, student level, and major.

Overall, more students declared majors in health sciences, business and management, and education than in other degree program areas. At the undergraduate level, 11.1 percent of the student majors were in health sciences, and 10.6 percent were in business, followed closely by liberal arts with 9.2 percent, and education with 7.0 percent. Education majors made up 28.8 percent of the graduate enrollment, with the next largest enrollment (7.8 percent) in business. Reports 30 through 41 provide details on enrollment by declared major.

Statewide, the colleges and universities reported receiving 11,367 first-time transfer students in fall 1994. State-supported institutions reported 9,668 transfers, and the independent institutions reported 1,645. Reporting bible colleges reported 54 first-time transfer students. Data on these transfers by sending and receiving institution are in Reports 42 through 46.

Reports 11 through 14 show the number of black students by residency status. These statistics show that the state-supported institutions reported black students as 6.8 percent of their total enrollment; the independent institutions reported 5.2 percent; and bible colleges reported 20.3 percent.

Information in this report was summarized by the Council on Higher Education staff from data available in the Council on Higher Education data base. DEFINITIONS

The following definitions are those officially established for the reporting of enrollment data to the Council on Higher Education. Data in the report are based on net headcount and credit hour data, or the total number of students enrolled as of the last day to add a course for credit and the number of credit hours for which these students are registered on that date. This date is the one established by each institution as the official cut-off date.

Black Student
A person having origins in any of the black racial groups of Africa (does not include nonresident alien students)

Credit Hours:

Credit Hours By Student Level
The net credit hours for which students are enrolled based on student level

Off-Campus Credit Hours
Credit hours for courses taught on any location other than "on-campus"

Full-Time Equivalent Enrollment
The unit of enrollment derived by the following formula: (undergraduate student credit hours divided by 16) + (graduate student credit hours divided by 12) + (law student credit hours divided by 14) + headcount of other first-professional students + headcount of post-doctoral students + headcount of doctoral dissertation students + headcount of house staff

Full-Time Student
An undergraduate student enrolled for at least twelve semester credit hours, or a graduate student enrolled for at least nine semester credit hours (hours vary for first-professional full-time status)

DEFINITIONS
(continued)

The net total number of students enrolled

Lower Division Student
Undergraduate student who has earned less than 50 percent of the number of academic credits required for a baccalaureate degree (these students are to be classified as freshman and sophomore)

The net enrollment excludes courses dropped and students who have withdrawn on or before the cut-off date, and students who have not paid or have not made arrangements with the business office for payment of tuition.

Part-Time Status
An undergraduate student enrolled for fewer than twelve semester credit hours or a graduate student enrolled for fewer than nine semester credit hours (hours vary for first-professional part-time status)

Program Level

Program of Study
Student's declared major program of study

Residency Status
The status used for tuition and fee payments:
